16.	right	correct	wrong	mistake
17.	near	close	far	distant
18.	cheap	frugal	expensive	costly
19.	wild	fierce	tame	gentle
20.	difficult	hard	easy	simple
21.	courteous	polite	discourteous	impolite
22.	lucky	fortunate	unlucky	unfortunate
23.	hot	warm	cold	cool
24.	strong	robust	weak	frail
25.	proud	arrogant	humble	meek

NYMS BINGO
(Teacher's Guide)
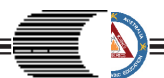

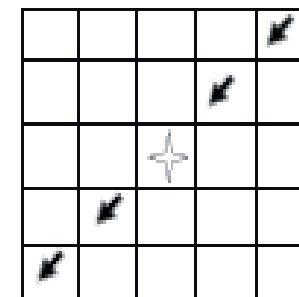

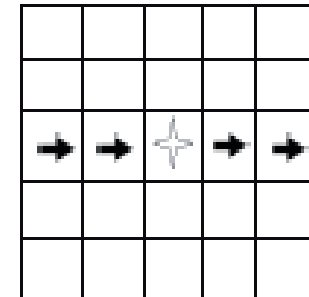

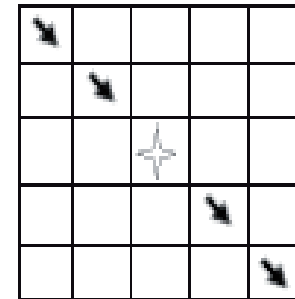

4. If there are insufficient cards, pupils may play in pairs.

5. Seeds or pebbles maybe used as markers.

6. Teacher may have "Controlled Bingo" by setting a pattern, i.e. if the desired pattern is a straight diagonal line, pupils will *bingo* only if they have formed such pattern. However this may consume much time than the "Free Bingo" where players can "*bingo*" in any of the presented patterns.

7. If a pupil shouts "Bingo" earlier than the allotted time, the teacher may have another round using the same procedure. If none, teacher may have an extension until one shouts "Bingo".

Master List of "NYMS" Words: Grades III and IV

1.	beautiful	pretty	ugly	unattractive
2.	bad	worse	good	kind
3.	rich	wealthy	poor	indigent
4.	stout	short	long	tall
5.	small	tiny/little	big	huge
6.	happy	glad	sad	lonely
7.	clean	tidy	dirty	untidy
8.	thin	slim	fat	obese
9.	fast	quick	slow	sluggish
10.	early	prompt	late	tardy

4. From the container of word slips, randomly pick up one slip and call out the word printed on it.

5. Pupil looks for the antonym/synonym of the called out word on his/her bingo card.

6. If the word is found on the pupil's bingo card, he /she covers it with a marker.

7. Continue picking out words from the word container and read them until somebody shouts "Bingo".

8. Ask the pupil who shouted "Bingo" to read the "Bingo" words he/she has on his/her card. Then countercheck them with the words taken from the container.

9. If all the "Bingo" words are present, the pupil automatically wins.

10. If several pupils shouted "Bingo" during the game, the same procedure will be followed by asking each one of them to read the words in his/her card. Then countercheck them with the words taken from the container.

Teaching Hints

1. Process the bingo game concept. This is also gambling on the other side but stress that this is responsible gaming which excludes the concept of gambling.

2. See to it that the words in the word container must be found on the bingo cards.

3. If the lesson is on synonyms, ask for the synonym of the word. If the lesson is on antomyms, ask for the antonym of the word.

CONTENTS

Description

This is a bingo game intended for the Grade III and IV pupils. It enhances children's skills in recognizing synonyms and antonyms of words in an enjoyable way. It serves as a reinforcement or enrichment activity for vocabulary building.

Target Audience

Grade III and IV Pupils

Subject Matter/Learning Competency

- Recognizing synonyms and antonyms, PELC, Vocabulary C.5 & C.6

Duration

30 minutes

Objectives

At the end of the game, the pupils will be able to:

- recognize the synonym and antonym of given words
- differentiate synonym from antonym of words.

Preparation

The pupils must possess the basic knowledge on what synonyms and antonyms are and the difference between them. Before they attempt playing this game, pupils must know the synonyms or antonyms of the words in the master list.

Procedures

1. Give each player a bingo card and enough supply of markers (seeds, pebbles, beans, etc.).

2. Explain how the game is played.

3. Give examples on how to *bingo* by showing the different patterns.

"NYMS" Bingo Pattern

How to "BINGO"
Pupils may shout "BINGO" if they have formed any of the following patterns:

*   Any of the following straight diagonal lines
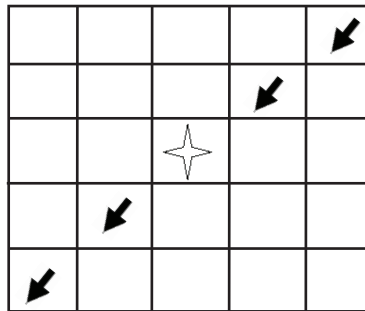

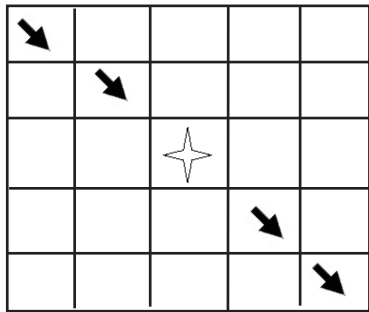

*   Any of the following straight horizontal lines
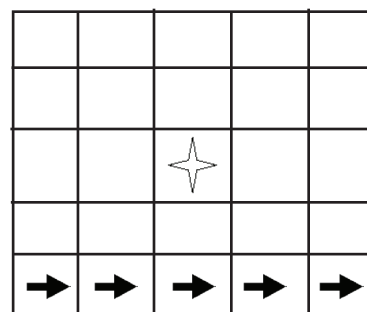

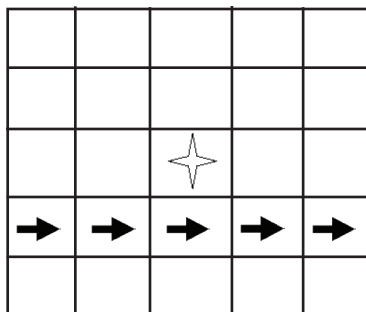

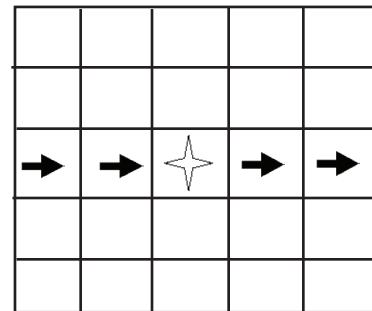

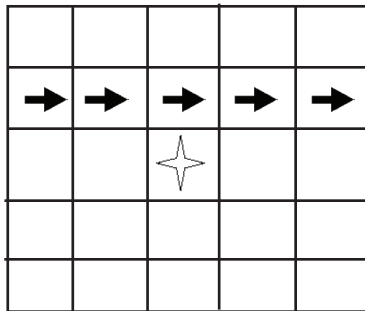

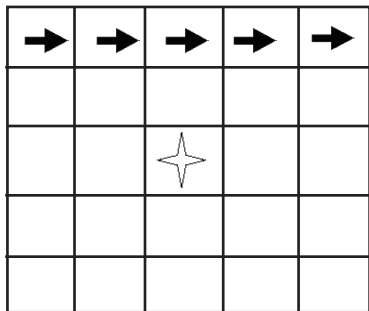

*   Any of the following straight vertical lines
